Trash Pickup & Recycling Calendar

2018

A MESSAGE FROM SUPERVISOR CHAD A. LUPINACCI

Dear Fellow Huntington Resident:

On behalf of myself and my colleagues on the Town Board, I am pleased to present our **2018 Trash Pickup and Recycling Calendar**. This easy-to-follow guide contains detailed information about our trash collection and recycling programs. The calendar is designed to ensure that your refuse and recycling service is efficient, user-friendly, and convenient. By following this calendar and its simple rules, you are instrumental in the program's continued success.

I am happy to report that "**Huntington Recycles: All In One**," the Town's single stream curbside recycling program, has once again exceeded expectations. "All In One" recycling has made it more convenient for our residents to recycle, resulting in a cumulative 10% increase in our curbside recycling rate. I would like to take this opportunity to remind all residents not to use plastic bags when placing their recyclables out for collection. You may recycle plastic bags at your local participating retail store or repurpose them for continued use. As in past years, I ask that you please consult your calendar on weeks with holidays to see if recycling collection is scheduled. For more information on this program please visit the Town's webpage at <http://HuntingtonNY.gov/singlestream>

For additional information on Town services, departments, programs, news highlights, and meeting times, please check the Town's web site at <http://HuntingtonNY.gov>. If you happen to misplace this calendar, you can always refer to the calendar on the web site; a downloadable version of this calendar is also available.

As always, we welcome your comments and suggestions. Please contact us on the web through "Huntington @ Your Service." If you prefer to contact us by telephone, please call our Sanitation Hotline at (631) 351-3186. This number is available 8:30 a.m. to 4:30 p.m., Monday through Friday.

We wish you and your family a healthy, happy, and prosperous New Year.

Chad A. Lupinacci
Supervisor

Supervisor Chad A. Lupinacci looks forward to working with his Town Board colleagues to better our environment. Through promoting policies that prioritize water quality and preserve our precious green space, Supervisor Lupinacci will ensure Huntington has an environment sustainable for the future.

Councilman Eugene Cook enjoys a welcome bit of laughter with local resident Richard Polesney while clearing snow on Westbrook Court in Greenlawn during a snow storm. "Yes, I thought bringing my own equipment could be of assistance to our Town residents", states Gene Cook.

Each year, Councilman Mark Cuthbertson hosts a school district-wide Recycling Roadshow for students in Kindergarten through 6th Grade that helps to instill the environmental importance of recycling at a an early age. Councilman Cuthbertson is pictured with Audrey Gallo of the Town's Environmental Waste Management Department and students from the Flower Hill Primary School displaying some of the items used during the informative presentation. Schools interested in scheduling a program should call the Councilman's Office at: 631-351-3171.

BULK TRASH COLLECTION

You may place no more than 4 bulk items at the curb on your **second garbage collection day of the week**. It is a violation of the Town Code to put out more items than your curbside collection allows, and therefore no items will be picked up.

There is no special pickup for amounts exceeding these collection limits.

You may receive a notice of violation for exceeding the allowable amount of items at the curb.

A bulk item is any object more than 50 lbs. or larger than 2 x 2 x 4 feet or any acceptable construction and demolition debris. Residents are advised that home improvements contractors are required by **Town Code § 133-1. I.** to remove any waste generated by their activities from the premises. These materials cannot be placed for curbside collection.

For more info go to www.HuntingtonNY.gov/BulkTrash

MOVE INS / MOVE OUTS

The Town of Huntington has very specific **rules and regulations for curbside collection service**. These rules limit the amount of trash that may be placed out for any particular pick up. **It is a violation of Town Code to place more items at the curb than are permitted by the regulations.** This includes move-ins and move-outs. The owner of record at the time of the violation will be issued a "Notice of Violation" by the Town that will give them a specified time limit to rectify the violation. If the violation is not corrected within that time limit, a summons may be issued.

There is no special pick up for amounts exceeding these collection limits. It is the responsibility of the owner or occupant at the time the violation is noted to arrange for alternative disposal. These alternative arrangements can include:

- Removing the excess items from the curb and disposing of them over time in full compliance with the rules of collection.
- **Hiring a private waste hauler** to supply a roll off container to the property for removing the materials.
- Self-hauling the excess items to an appropriate disposal facility and paying for disposal.

Any residential buyers who are closing on their new property are strongly advised to have the previous owner or occupants dispose of all of waste and debris prior to closing. Failure to do so may result in a Town Code Violation and unforeseen expenses to the new homeowner for alternative removal of excess refuse or rubbish that is curbside.

REMODELING

Plumbing fixtures, cabinetry, hardware, lighting fixtures, tools or major appliances that are in good condition and can be reused, please contact HABITAT FOR HUMANITY RESTORE via email at: ReStore1@optonline.net or visit their website at: www.suffolkReStore.com or call 631-767-1612 for information on donating these much needed items. Pick-up service is available.

SLOW DOWN TO GET AROUND

New York State Law requires drivers to slow down or move over when approaching waste and recycling vehicles while collecting. This puts them in the same category as other hazard vehicles, such as police or fire trucks.

TOGETHER WE CAN HELP PREVENT ACCIDENTS AND INJURIES AND KEEP YOUR GARBAGE COLLECTOR SAFE:

SLOW DOWN when approaching a garbage truck making its rounds. Stop if necessary to allow workers to do their jobs.

LOOK FOR WORKERS before attempting to pass the truck.

CHECK FOR TRAFFIC approaching from the opposite direction before proceeding around the truck.

AVOID DISTRACTIONS like texting, talking on the cell phone, changing the radio station or programming a GPS system while driving near a garbage truck.

THANK YOU for keeping our workers safe!

GRASS RECYCLING

1. Allow your lawn to grow at least three inches high. When mowing, cut no more than one inch off the top. Mow only when the grass is dry.
2. Leave the grass clippings in place – DO NOT BAG THEM. The clippings decompose quickly, are a natural fertilizer, keep the lawn moist, and protect against disease.
3. Water your lawn in the early morning hours (between 6:00 and 10:00 a.m.) Water a maximum of three to four hours per week, less if it rains.
4. Don't over-fertilize. Grass clippings left in place actually fertilize your lawn. Fertilizer need be applied only three times a year – around Memorial Day, Labor Day, and Thanksgiving.
5. Keep your mower blade sharp and consider investing in a mulching blade for your current lawn mower. These blades cut and recut the grass more finely and greatly aid the decomposition process. When it comes time for a new mower, consider replacing it with a mulching or recycling mower.

CONTROLLED SUBSTANCE DISPOSAL OF UNUSED MEDICINES & PRESCRIPTION PHARMACEUTICALS

Medicines play an important role in treating many conditions and diseases, but when they are no longer needed it's important to dispose of them properly.

Disposal in Household Trash

Consumers can follow these simple steps to dispose of all prescription medicines in their household trash:

- Mix medicines (do NOT crush tablets or capsules) with an unpalatable substance such as kitty litter or used coffee grounds;
- Place the mixture in a container such as a sealed plastic bag; and
- Throw the container in your household trash
- **Never flush medicine down the toilet.**

If you are concerned that your old medicine may pose a danger to another person use the Medicine Take-Back Program.

Medicine Take-Back Programs

The Suffolk County Police Department has a take back program called OPERATION MEDICINE CABINET. Residents can drop off expired or unwanted drugs, keeping our seniors, kids, and pets safe.

- Needles and liquid medications will not be accepted
- See page 27 for proper needle disposal procedure
- Liquid medicines should be mixed with coffee grounds and disposed in regular garbage

- Place medications in a plastic bag prior to disposal
- Drug drop-off is completely anonymous and is available at each Suffolk County Police Precinct 24 hours a day, seven days a week*

*The most convenient location for Huntington residents is the **Second Precinct at 1071 Park Avenue, Huntington Station**

For more information about this program, contact the **Suffolk County Police Community Outreach Bureau** at 631-852-6109

PROPER DISPOSAL OF HOUSEHOLD SHARPS

Many community residents use SHARPS – hypodermic needles, lancets, or other instruments – to manage their health care at home.

Proper disposal of these instruments protects family members and our sanitation workers from accidental injury.

NEVER DISPOSE OF LOOSE SHARPS IN NORMAL HOUSEHOLD TRASH

If you use household SHARPS to manage your diabetes or other medical conditions, please follow these procedures for proper disposal.

- Use a puncture-proof plastic container with a tight-fitting screw top. Plastic soda bottles and bleach/laundry detergent containers work well.
- Do not use glass containers or coffee cans.
- Label the container clearly. Write "CONTAINS SHARPS" with a waterproof marker directly on the container, or on masking tape on the container.
- After using the syringe or lancet, immediately put it in the container. Screw on the top. Do not clip, bend or recap needles because you may injure yourself.
- Keep container away from children.
- When the container is full, screw on the top tightly. Seal with heavy duty tape.
- Place the sealed container with your regular refuse for safe disposal.

CONTAINERS WITH SHARPS INSIDE CANNOT BE RECYCLED!
